Premium Streaming Package

3 x Static Cameras, 1 x Roaming Camera, 2 x Technicians

Both above options are based on streaming via the client's streaming account. A surcharge to be applied to stream via the Portsmouth Guildhall Account on Vimeo

MAIN AUDITORIUM LED SCREEN

The LED Screen gives you a clear and crisp image for your presentations. The screen is built by panels offering the flexibility to make it as large or small as required for your event.

We can offer bespoke builds to suit your event, for example, screens placed along the front of your panel table to display names or information. Get in touch with us to discuss your requirements, and we will be happy to discuss your options.

Compatible with HDMI/DVI/SDI feeds. Not VGA compatible

SIZES

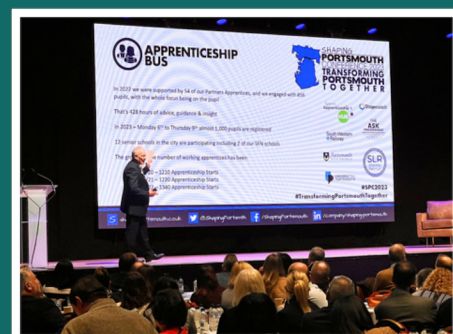

420 x 270cm – 18 panels

640 x 360cm – 32 panel

800 x 450cm – 50 panels

960 x 540cm – 72 panels

(full screen as shown in image)

Contact us for more information about our packages, including lighting options.
