INSPIRING, ENTERTAINING AND TRANSFORMING LIVES

Following a £1.3million investment in the Portsmouth Guildhall basement we are delighted to launch The BASE, one of the most unique and innovative creative spaces for young people in the country! Complete with a Band Room, Production Studio, Multimedia Suite, Performance Area, Lounge and Exhibition Space, the new facility will provide a welcoming, safe space and be a catalyst for creative development in the community. The development has also created much needed new toilet facilities for all of our patrons!

With grateful thanks to our funders, a range of further opportunities for organisations and individuals are now also available to Get Involved and support The BASE, our wider community programmes, events and the future Renaissance of Portsmouth Guildhall. Please take a look at the website or get in touch to find out more.

This Autumn, an exceptionally busy season of concerts, shows and events across the Main Hall, The Box and The Lens Studio awaits! We are excited to see the return of our own Games Fest and following the success of our inaugural Classical Series, we are delighted to expand this further and present another rich variety of works.

The impact of The Guildhall Trust continues to be felt beyond Portsmouth. The first wave of artists supported by our HARBOUR: Live Artist Development Programme are now touring their works across the country, Dance Live! the school and college dance event taking the country by storm continues to expand and we are developing The White Rock Theatre in Hastings, which we took over the operation for in February this year, into a vibrant, multi-faceted asset for East Sussex!

Thank you for supporting the work of The Guildhall Trust and we look forward to welcoming you soon.

ORCHESTRA OF THE AGE OF ENLIGHTENMENT

Bach's groundbreaking 'Six Concertos for several instruments' puts the collective virtuosity of the OAE in the spotlight. It is music of endless inventiveness – from the intricate silken passage-work for strings in Nos. 3 and 6, to the grandiose harpsichord cadenza in No. 5, or the dazzling virtuosity of the trumpet in No. 2 – which demands a supergroup ensemble of virtuosos. One of music's great riddles – the concertos were gifted in 1721 before being 'lost' until around 1850 when they were eventually published.
